

Focus on the Evolve Option

The Evolve Option provides cover for hospitalisation at the Evolve Network of private hospitals. There is no overall annual limit for hospitalisation. There is a standard Evolve option co-payment for all Major Medical Benefits, except in the case of motor vehicle accidents, maternity confinements or emergency treatment.

You need to use State facilities for all your chronic treatment, including doctors, scripts and medication.

You have cover for two virtual GP consultations from Hello Doctor or Evolve Network GPs. The Health Platform provides cover for a range of day-to-day benefits, such as preventative screening tests, certain check-ups and more. If you need cover for more day-to-day expenses, like additional GP visits or prescribed medicine, you can make use of the Momentum HealthSaver⁺. Major Medical Benefit

This benefit includes cover for hospitalisation and certain specialised procedures/treatment. There is no overall annual limit on hospitalisation. Claims are paid up to 100% of the Momentum Medical Scheme Rate. Under the hospitalisation benefit, hospital accounts and related costs incurred in hospital (from admission to discharge) are covered – provided that treatment has been authorised. Specialised procedures/treatment do not necessarily require admission to hospital and are included in the Major Medical Benefit – provided that the treatment is clinically appropriate and has been authorised.

If pre-authorization is not obtained, a 30% co-payment will apply on all accounts related to the event and the Scheme would be responsible for 70% of the negotiated tariff, provided authorisation would have been granted according to the Rules of the Scheme. In the case of an emergency, you or someone in your family or a friend must obtain authorisation within 72 hours of admission. Some procedures are only covered in day hospitals, such as cataract surgery and some sinus procedures – see list on page 8.

Chronic Benefit

The Chronic Benefit covers certain life-threatening conditions that need ongoing treatment. On the Evolve Option, chronic benefits are available from State facilities only. Chronic cover is provided for 26 conditions according to the Chronic Disease List, which forms part of the Prescribed Minimum Benefits. Chronic benefits are subject to registration and approval by the Scheme.

Day-to-day Benefit
